Title: Stainhandler Roof & Deck Cleaner

I would be very pleased to provide you a testimonial for the Stainhandler product—it is absolutely wonderful. I was a doubting Thomas— as we have tried numerous deck cleaners over the past 20 years—and have struggles with using harmful chemicals—versus clean deck—and have never really been very successful. Our decks are surrounded with shrub-trees-plants and it has been a royal pain to clean. Your product- I cannot say enough about it—I did use a 1 to 4/5 mix- as the over 3,000 sq feet of OLD cedar decking was very stained- mildewed- build up of old product/sealers/stain. I actually tested it- I power washed one section first, then applied the cleaner to both the washed and the unwashed deck boards- and really couldn't believe the difference!! There wasn't one stain!! on my roof. I have never before been able to clean without first power washing...so this saved me a lot of time. And no scrubbing!! YIPPEE!! I have gotten really good with using the cleaner—spray it on- let it sit- water it down a bit- let it sit- maybe a little more water. Then- power wash and it's absolutely spotlessly clean!! Even down to the ugly redwood stain we used on it in a small area 19 yrs ago!! I did take before and after photos...and just a few hours ago finished with all the decking. Still have about 1,00 sq ft of cedar to clean- as we have 6 bridges over streams that also need cleaning. Jan Rogers

I used Stainhandler Roof & Deck Cleaner and installed your Zinc Protector strips the other day and was pleased with the outcome. I felt more comfortable using this adhesive method, as I did not have to lift the shingles as much to get the strips underneath and secured.
